Rotary Sail into Life is an organisation sponsored by Rotary to provide an opportunity to ALL to experience the pleasure of sailing. This organisation also has links to Sailability, Class yacht racing and Paralympics.

The yachts are designed for, and can be sailed by, people of all ages and abilities and are fully wheel chair accessible. The Access Dinghies are comfortable, sit in yachts, and completely safe so as to appeal to those who would love to have a go at sailing but found it too daunting to do so.
